

Welcome to Sakura Science Club (SSC)

April 2025

Welcome to the Sakura Science Club!

All Sakura Science Exchange Program (SSP) participants are SSC alumni membership. Please stay connected with your SSC friends and the SSP via the SSC homepage. (<https://ssp.jst.go.jp/sns/top.html>)

The homepage provides useful information including "Laboratories and Organizations That Participated in the Sakura Science Program" "Alumni Activities", "Sakura Mentors", "Member's Voice" etc.

Please participate in alumni activities!

SSC meeting events are held regularly, and you can connect with fellows and get the latest information on studying abroad in Japan etc. SSC meeting events always welcome you.

There are alumni associations in Japan, Thailand, India, Indonesia, Vietnam, Malaysia, Sri Lanka, Nepal, Taiwan, etc. So, we welcome you to join the alumni association or start a new one in a country/region where there is no one.

Alumni association information of each country/region

SSC meeting events: <https://ssp.jst.go.jp/sns/reunion/index.html>

SSC alumni associations: <https://ssp.jst.go.jp/sns/reunion/coordinators.html>

Your SSC ID (Available on Certificate of Achievement)

JST issues a unique SSC ID (8-digit number) to every SSC member.

Please keep your ID at hand for any inquiry or signing up for future SSC related events.

Your e-mail address

Please keep your e-mail address current and make sure to let the SSC secretariat know the change of your e-mail. **Please make sure to write your email address correctly.**

Let us know when you visit Japan after SSP!

JST would like to know how SSP helps your academic or professional career development in the coming years from the viewpoint of visiting Japan after SSP.

Please let us know when you visit Japan after the SSP to ssc20@jstec.or.jp

And following information will be helpful for us.

- 1) SSC ID
- 2) Your Name, Country/Region
- 3) Purpose and Place of your Revisit
 - Study, Joint research, Employment, Sightseeing, other

Your feedback is very valuable to us and the SSP, as it serves as an evaluation of SSP and helps us to enhance SSP. Thank you for your feedback.

For Sakura Science Exchange Program participants
who may study in Japan in the future

In collaboration with Japan Student Services Organization (JASSO) , Japan Science and Technology Agency (JST), the organizer of the Sakura Science Exchange Program, offers information about “Study in Japan”.

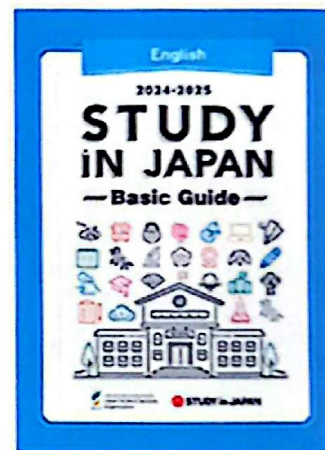

Please check the website for your future career!

1. Study in Japan Basic Guide

“Study in Japan Basic Guide” in 11 languages are available on JASSO website.

You can get basic information to study in Japan.

<https://www.studyinJapan.go.jp/en/other/sgtj/>

2. Search for schools (Graduate schools, universities and junior colleges)

JASSO also offers information related to application qualifications, major fields of studies, medium of instruction and on-campus scholarships of Japanese graduate schools, universities and junior colleges.

You can search for schools which accept international students depending on your academic interest.

<https://www.studyinJapan.go.jp/en/planning/search-school/>
